

## A Word from the Alumnae Chair

Hello!

Welcome to the other side of aKDPHi life as an alumna! You will find that it's a drastic change from the active life our sisters go through during their four years of college. Upon graduating, you will have the option of joining our chapter's Alumnae Association which will continue to keep us connected through emails and various events. More specifically, our Board of Directors within our Alumnae Association will serve as liaisons between the alumnae and actives to maintain our chapter's bond.

As alumnae, we are here to offer guidance and lend support to our active sisters whenever possible. Moreover, we provide a network (amongst ourselves) to share all sorts of things from job opportunities to real estate advice. Even though we move onto bigger chapters of our lives after graduation, our (Rutgers) aKDF pride continues on.
